Details Later.**

Due to the variety and length of these trips it seems best to let each coordinator determine the departure time and location and notify each church along with additional information about each trip (admission charges, etc.) A more detailed description of each trip would be very helpful to church members who are considering the trips.

Coordinators should provide information to the pastors at least one month prior to each trip. Everyone please be considerate of the coordinators to inform them in ample time that you wish to be counted as participating in the various trips. This is very important when making transportation and meal plans.

Paul Griffith will make arrangements for the use of the bus. Rob Rodecker 727-512-4111 will be the regular driver. Coordinators need to verify this with him prior to each trip.
